from €61.53

## Product description:

Polymer dial gauge feeler TECHNIWATCH An innovative material ANTI-SCRATCH DIAL GAUGE FEELERS ARE USEFUL FOR CHECKING FRAGILE COMPONENTS WITHOUT SCRATCHING THEM.

The technical specifications of the polymer used to make these anti-scratch dial gauge feelers were designed exclusively for the watchmaking and jewellery sectors. This material does not scratch precious materials. It is also hard on the surface to reduce wear and avoid particle loading.

Available in four sizes (Ø1.5 and Ø1, short and long), the anti-scratch tips can be used on all components in your sector of activity.

We can also design custom shapes.
