

ValuTest-L

Manual Test Stand

- 110lbf (500N) capacity
- easy-to-use
- quick-acting lever
- economical solution
- compact and portable
- rugged and reliable

Shown with CFG+ digital force gauge
(Can also be supplied with BFG digital force gauge)

Tensile testing

Compressive testing

Aerosol actuation

Tool testing

The ValuTest-L, combined with a Mecmesin Basic Force Gauge (BFG) or Compact Force Gauge+ (CFG+), is a simple and low cost solution for repetitive tensile and compressive testing in the production area or in laboratories. It is ideal for simple pull-off tests, push-in and push-out tests where quick comparative checks are required.

It is an accurate, precise and dependable instrument for use when simplicity, economy and fast throughput are important.

The ValuTest-L is very easy-to-use by virtue of its quick-acting lever. Crosshead movement can be limited by an adjustable stop to ensure it travels to the same position for each test.

Specifications

Daylight with BFG without accessories	13.1" (332mm)
Daylight with CFG+ without accessories	13.9" (352mm)
Effective travel without gage and accessories	6.7" (170mm)
Maximum stroke	1.9" (47mm)
Maximum load	110lbf, 500N, 50kgf
Weight	20lbs (9.2kg)
Throat depth with BFG fitted (x)	5.3" (133.5mm)
Throat depth with CFG+ fitted (x)	5.0" (126mm)
