

ValuTest-D

Manual Test Stand

- 220 lbf (1 kN) capacity
- easy-to-use
- handwheel operation
- economical solution
- compact and portable
- rugged and reliable

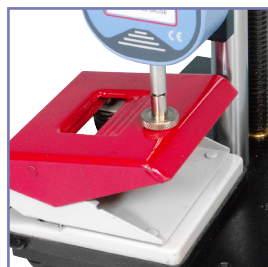

Shown with CFG+ digital force gauge
(Can also be supplied with BFG digital force gauge)

Compressive testing

Tool testing

Compressing a pen

The ValuTest-D, combined with a Mecmesin Basic Force Gauge (BFG) or Compact Force Gauge+ (CFG+), is a simple and low cost solution for any tensile or compression testing application requiring a simple and inexpensive instrument.

It is an ideal solution for simple pull-off tests or push-in and push-out tests where quick comparative checks are required in the laboratory or in the production area.

Easy-to-use, the ValuTest-D is operated via a handwheel, which gives precise control of the crosshead for applying forces up to 1000 newtons.

Dimensions

Specifications

Daylight with BFG without accessories	9.7" (246 mm)
Daylight with CFG+ without accessories	10.2" (258 mm)
Effective travel without gauge and accessories	10.2" (258 mm)
Crosshead travel per handwheel revolution (both directions)	0.1" (3 mm)
Maximum load	220 lbf, 1000 N, 100 kgf
Weight	16 lbs (7.3 kg)
Throat depth with BFG fitted (x)	2.4" (62 mm)
Throat depth with CFG+ fitted (x)	2.1" (54.5 mm)
